Whiteboard Film

Easy to install, write, erase or peel!

Self-Adhesive Whiteboard Film

Ideal to **resurface** worn out whiteboards or **create** a whiteboard surface on any smooth surface

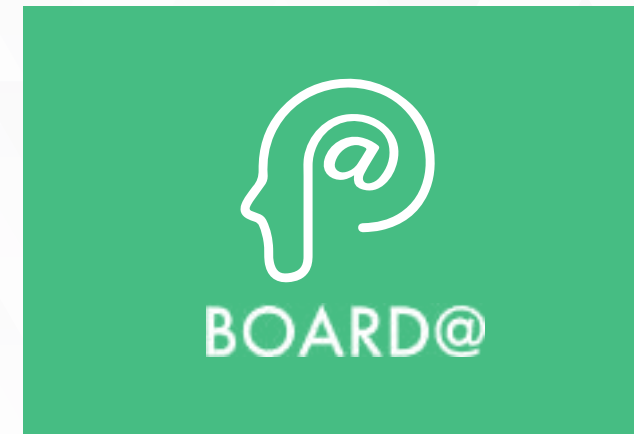

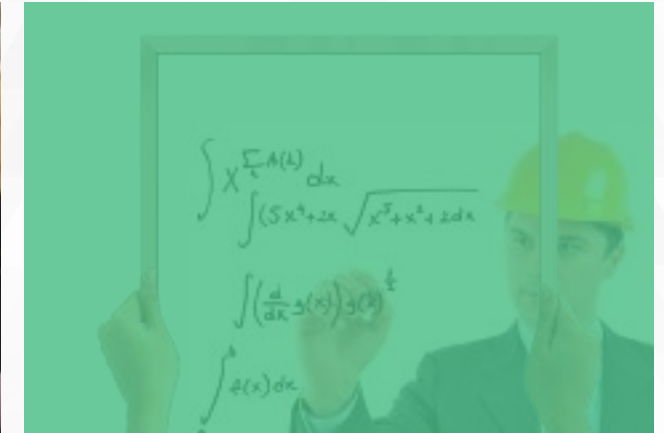

- o No ghosting or staining, cost effective, and durable!
- o Ideal to indoor application and on any flat and smooth surfaces. Suitable for homes, offices and education sector.
- o Available in premium gloss and matte WHITEBOARD self-adhesive film.

BOARD@ is a perfect tool for conferences and lectures. Placed upon ordinary glass wall or whiteboard, BOARD@ can digitalize the traditional writing plane by automatically keeping track of all trajectories and sending them to the cloud or mobile devices.

The advanced recognition algorithm technology further facilitates BOARD@ to accurately discern the trajectories of regular markers and erasers. Pressing the @ button, users can get immediate knowledge of the conference, thus recording the whole discussion faster and more accurately.
